About Us

TRUTH SEEKER times.ca is a newspaper, website and e-letter devoted to exposing and revealing the truth about government corruption, religious manipulation, cultural psychosis, false flags and breeches in the righteous morality from a uniquely Canadian perspective.

We also recognize that world events invariably effect Canada in one way or another and are thus integral in our mission.

The advertisers given this media kit have been chosen specifically due to our belief that your products and services reflect an anti-tyranny and pro-liberty stance. We do not advertise products and services we do not believe in.

We offer website, print and ePub advertisements. In our first and second publication advertising will be free of charge. The below rates are for issue 3 onward.

All ads appearing in print also appear in the ePub version and vice versa.

We have an excellent team of scholars and researchers writing our materials. Everything we produce is backed up with reliable sources and references readily available in our ePub.

The screenshot shows the website's masthead with the title "TRUTH SEEKER times.ca" and the date "Sunday October 15, 2011". Below the masthead is a large photograph of several people lying in a hospital bed, with a caption "Modern Eugenics: War on the World" and subtext "Feminization, sterilization, soft kills, GMOs, cancer, cancer and cancer". To the right of the photo is a sidebar with the text "UNDERSTANDING MODERN eugenics can be a lengthy and mind bogging process. There are so many factors to consider, so many different philosophies and methods." Below the photo are several article teasers: "NATO Continues Senseless Bloodshed of the Libyan People", "CHECK IT OUT | 6: Defending your table. Handing out free flyers in Toronto", and "The Black Hole Effect". The "The Black Hole Effect" article has a sub-headline "Canadian taxes dissappear more money from the Canadian Citizen than any mafia; the true disempowerment method in this country" and a "TAXES ARE BY" section.
